### Legal Update: Guiding Staff in the Use of Social Media

Questions and concerns regarding the use of social media by students and employees come up on a regular basis these days. What should I do if a student sends me a “friend” request on my personal Facebook account or wants to “follow” me on Instagram? Is it ever okay to post pictures of my adorable Pre-K students? You mean I shouldn’t complain to my friends on my personal Facebook page about how my awful student Alexander is responsible for my terrible, horrible, very bad day and is the reason that I am going to go out and get wasted tonight? What about free speech? Don’t I have a right to express my opinion on my own time, on my own private Facebook page?

As school administrators, you may already have been called upon to answer some of these questions. If not, count your blessings, but know that it is almost inevitable that your day will come!

The following are a few simple guidelines that address some of the social media issues that you may encounter. I encourage you to share these pointers with your faculty.

- While you have a constitutional right to free speech, that right is tempered by the obligations you accepted when you chose to work for the Jefferson Parish Public School System. So, even though you are free to enjoy a Facebook account, post videos, or share your photos on Instagram, remember that you have an obligation to uphold your professional position in the community. Think about the content of what you post. If your gut questions, “Should I?” – the answer is a resounding “NO”!
- General comments concerning matters of public concern will typically be protected speech, but publishing information you learn on the job will not necessarily have such protection. Think carefully before posting any comments that reveal information you have obtained as a result of your job.
- Never, ever post any comments about a student in particular, or your students in general, that could in any way suggest their identities or their less than stellar existence as a person or performance as a student.
- Remember that a release to post photographs is applicable only to the school or district’s use and not a teacher’s individual use. In the case of a club, athletic team or other student group (i.e. a class on a field trip), the sponsor should obtain waivers from each parent before posting photos on any site other than the school or district website.
- When you see that a student at any school in the district has sent you a “friend request” or a request to “follow” – JUST SAY NO! If you already have “friends” or “followers” who are current students, the best advice is to “unfriend” or “block” each of them from your site.

Be aware of the potential results of posting party pictures, seductive "selfies" and other photos that portray you in a sexually inappropriate or otherwise adverse light. Like it or not, parents expect teachers and others who work with children to set a positive example by conducting themselves in a respectable, professional manner at all times. When parents (and students) see inappropriate photos of, and posts by, teachers, the resulting complaints can quickly infect the classroom and the teacher's ability to command the respect and control necessary to perform and invariably cause a disruption of the educational process.

### Holiday Decorations

Please remind all staff that items are not to be hung from the ceiling or any device that is mounted to the ceiling. At night when the air comes on, the items blow and trigger the intrusion alarm to go off.

### Para to Teacher Pipeline

The district is launching a new initiative called the ***Para to Teacher Pipeline***. The goal of this initiative is to provide Paraprofessionals who hold a Bachelor's or Advanced Degree with district support to enable them to transition from a para to a teacher.

The Recruitment and Selection team is hosting a Para to Teacher Pipeline informational meeting on **December 3** in the Administration Building (501 Manhattan Blvd. in Harvey) Board Room from 5-7 p.m. If you have a para on your campus with a Bachelor's or Advanced degree, please encourage them to participate in this meeting. They can RSVP by sending an email to [Heidi.Thibodaux@jppss.k12.la.us](mailto:Heidi.Thibodaux@jppss.k12.la.us). For more information on this event, please visit the Recruitment and Selection webpage: <http://jpschools.org/department/human-capital/recruitment-selection/>.

### Pre-Veterans Day WYES Electronic Field Trip

Please share with teachers.

WYES and The National World War II Museum are offering a free electronic field trip live from the museum next **Wednesday, November 4** at 10 a.m. and 1 p.m. It will be webcast on [wyes.org](http://wyes.org).

The field trip focuses on how children during the war years helped in the war effort from the home front. Four student reporters join museum volunteers who were kids during the war to tour the museum and learn what it was like for children at that time.

Please see the [attachment](#) for more details and registration information.

### Insurance Open Enrollment

As I am sure you are aware, Open Enrollment started **September 28** and will continue until **October 30**. First, thank you for opening your doors and allowing our Open Enrollment representatives to meet with your staff regarding their supplemental insurance benefits. Once again JPPSS is pleased to continue offering free dental, vision, and life insurance to all eligible employees. This year the dental insurance will be provided through Guardian, the vision insurance will be provided through Davis Vision, and The Hartford will continue to provide the \$10,000 Basic Life Insurance coverage. Employees currently covered by Ameritas Dental and Humana Vision will automatically transfer to Guardian and Davis Vision and maintain the same level of coverage. Eligible employees not yet enrolled in the free benefits must elect coverage during Open Enrollment. Employees wishing to making changes to their supplemental (dental, vision, life, accident, cancer, flexible spending

account, etc.) insurance coverage must meet with an Open Enrollment representative. To see when Open Enrollment agents will visit your school, please visit <http://jpschools.org/wp-content/uploads/2013/03/2016-Open-Enrollment-Schedule.pdf>.

Annual Enrollment is also occurring from **October 1-November 15**. During Annual Enrollment employees may elect or make changes to their Office of Group Benefits health insurance coverage. Open Enrollment agents can only assist employees with their supplemental insurance. For questions about health insurance coverage, employees should contact our Insurance Team (phone: 504-349-8564, email: [openenrollment@jppss.k12.la.us](mailto:openenrollment@jppss.k12.la.us)). Our goal is to ensure that Open Enrollment is a clear and manageable process for our employees.

**Customer Service Trainings**

The purpose of this email is to provide information to you regarding the upcoming Customer Service Training.

The training dates and times will be announced following our November 9<sup>th</sup> board meeting. The Board will consider the Superintendent's recommendation of the vendor who will deliver the training. The Human Resources Unit will notify employees of the next steps in the Customer Service Training process via email and the Administrators Update. We will also post the information on the district's website.

Please remember eligible employees must complete the Customer Service Training in order to receive the designated stipend.

Thank you,

Donna W. Joseph  
Acting Chief of Human Resources

### School-wide Professional Development

School-wide professional development is an ongoing system of providing support and planning resources for teachers. Each month has a targeted focus that relates to the greater school-wide mission and vision. School-wide P.D. also provides an opportunity for inter-departmental collaboration and communication.

### Department Meetings

During department meetings we will dispense important information, discuss resources, and strategies that apply content wide.

### Content-specific Collaborative Planning

During collaborative planning we will compare data, create common plans including assessments and activities, and continue to develop long-term plans.

### Targeted Professional Development

Targeted Professional Development sessions will be designed to respond to needs identified by various stakeholders and instruct teachers on best practices to resolve or address these specific needs. Teachers will be responsible for implementing these best practices within a timeframe discussed at the session.

### IS Lateral Planning

IS lateral planning meetings will provide IS teachers with detailed instructions for lesson plan implementation and guidance. Grade level Leaders will gather feedback and data from IS teachers who have implemented previous lessons. Lesson plans and materials will be provided to assist teachers in student growth in terms of appropriate level standardized tests.

ESL Department Meeting Focus: ESL Department meetings will continue to focus on ELL Accommodations. This will make both the ESL and mainstream teacher more effective by providing the necessary strategies to support students. Students will achieve academic success through the implementation of individualized accommodations outlined on their ACE form. Deliverables: ESL Teachers will provide the ACE form for mainstream teacher signatures. Mainstream teachers will complete signatures and consult with Lead ESL Teacher for their student for support. ESL Department Chair will submit agenda 24 hours in advance to the Supervising Administrator and the signature page post meeting.

ESL Collaborative Meetings: ESL Teachers will meet with their course team (ESL I, II, Content Areas – Geography, ELA, Reading) to develop course outline and materials. Deliverables: Submit Lesson Plans according to calendar cycle.

### ELL / ESL Department Grade Level Meeting

ESL Teachers will continue to focus on providing students with the accommodations they require, as per their ACE Accommodations. Teachers will discuss how to implement these accommodations in their class rooms which will provide students with the support they need to prepare themselves for the ELDA exams. Students will be advancing their English proficiency, in the areas that they are weakest in, through practice in the classroom.

Deliverables: Provide an outline of the materials being used to meet ACE accommodations for each English Proficiency Level, as it pertains to ELDA test preparation, which will allow for collaborative planning between ESL teachers.

Special Education Department Meeting – Special Education Teachers will focus on providing students with accommodations as per their IEP, IAP and 504. Teachers work collaboratively with regular education teachers to modifying teacher lesson plans and assessments. They also support struggling students who have physical or mental disabilities by leveling the playing field for academic success in high school.
