District Memorandums

Teacher Grade Book

Please share with administrators and teachers.

According to JPPSS Grading Policies, teachers must secure the principal's pre-approval before giving assessments a value greater than or less than 1, meaning all assessments must reflect the same weight. The teacher can manipulate this value by changing the default number of 1 in Grade Book (Multiplier function). Grading Policies: Testing Weights and Number of Grades for Each Nine Weeks

Administrators can run the Grade Book Usage Report to determine if teachers are entering their grades in a timely manner and whether or not they are meeting minimal grading requirements.

If you have any questions, please contact Kevin Lusignan at kevin.lusignan@jppss.k12.la.us.
